RELATIONS WITH THE FRENCH REPUBLIC

[Released to the press June 5]

In response to inquiries, Secretary Hull said on June 5:

"We have received some preliminary reports from Ambassador Leahy. Frankly we are very much concerned about the situation which seems to be growing up. As you know, we have throughout our history been sympathetic to the true aspirations of France. We have fought beside her. Her cause has been our cause. The principles of free, representative government by the people have been the bases of the democratic institutions of both of our countries.

"In her present difficult situation we have given concrete evidence of our sympathetic friendship and thought for the well-being of the French people and the French Empire.

"We have continued to maintain full and friendly diplomatic relations with the French Government at Vichy and have received its emissaries freely in this country. We have given the fullest and most sympathetic consideration to financial problems connected with the maintenance of French establishments, not only in this hemisphere but in the Far East, both diplomatic and semi-official services.

"We have, through Admiral Leahy, the American Ambassador at Vichy, consistently conveyed to the French Government our understanding of the difficulties of their position and our determination to be of every assistance we could in solving their problems for the ultimate benefit of the French people. We have made clear to the French Government that a basic

policy of this Government was to aid Great Britain in her defense against those same forces of conquest which had invaded and are subjugating France.

"We have aided in the furnishing of foodstuffs for unoccupied France, and children's supplies are now being distributed through the American Red Cross, and we had planned the continuation of these services.

"We have facilitated the passage of ships from this hemisphere to France's African colonies.

"We have collaborated with the other American republics as well as with the French Government in safeguarding the welfare and maintaining the integrity of the French possessions in the Western Hemisphere.

"In collaboration with the French Government we have arranged for the maintenance of the economic stability of the French North African territories by providing facilities for increasing trade and the purchase from us of commodities urgently needed by the people of North Africa with a view to maintaining their previous status as an integral part of the French Empire.

"Happily, whenever such action was necessary, Ambassador Leahy has been able to assure the Vichy Government that this Nation had no other interest in any territories of the French Empire than their preservation for the French people.

"We have given the most sympathetic consideration to the financial problems arising out of the freezing of French funds.

"It has been the determined policy of this Government to continue friendly and helpful cooperation with France in the present difficult situation, in which its action is restricted and limited by the terms of its armistice with Germany and Italy. This policy has been based upon assurances by the French Government that there was no intention on its part to exceed the strict limitations imposed by those terms.

"It would seem scarcely believable that the French Government at Vichy should adopt the policy of collaboration with other powers for the purpose of aggression and oppression, despite indications appearing in our preliminary reports. Such action would not only be yielding

priceless rights and interests beyond the requirements of a harsh armistice but it would at once place France in substantial political and military subservience and would also make her, in part, the instrument of aggression against many other peoples and nations. This could only be utterly inimical to the just rights of other countries, to say nothing of its ultimate effects on the liberties, the true interests, and the welfare of the people of France.

"We are therefore undertaking as speedily as possible to assemble every material fact and circumstance calculated to shed light on this alleged course of the French Government."

PROTEST OF THE YUGOSLAV GOVERNMENT AGAINST CREATION OF "INDEPENDENT STATE OF CROATIA"

[Released to the press June 4]

The Minister of Yugoslavia to the Secretary of State

MAY 12, 1941.

SIR:

I have the honor to convey to Your Excellency the following statement which I have been instructed to make by my Government:

In the course of the first few days following the unprovoked attack on Yugoslavia the German army occupied a part of the territory of the Banovine of Croatia including its capital city Zagreb. Acting under the protection of the army of occupation the notorious conspirator, Ante Pavelic, who had been sentenced to death by French courts for the assassination of the late King Alexander, proclaimed, with the support of a small group of partisans having no following whatever among the Croat people, a so-called "Independent State of Croatia." The legitimate representatives of the Croat people in the Yugoslav government as well as those of the autonomous authorities of the Banovine of

Croatia have been forced to withdraw under the onslaught of enemy armies.

It is, of course, a cardinal principle of International Law that military occupation of territory in the course of hostilities does not change the juridical status of the territory thus occupied and that occupation by enemy armies provides no legal basis for the establishment of a new juridical status within such territory. In consequence, the establishment of so-called "Independent Croatia" imposed by, or at the instigation of the authorities of occupation is devoid of any basis in law and constitutes a patent violation of the Law of Nations to which the Yugoslav Government continues to adhere.

The Royal Yugoslav Government desires to register its most emphatic protest against this unlawful action of the German Reich and considers null and void all acts relating to the creation of the so-called "Independent State of Croatia", the sole object of which is to dismember the national territory of the Kingdom of Yugoslavia.

The Minister of Yugoslavia to the Secretary of State

MAY 24, 1941.

MR. SECRETARY:

I have the honor to refer to my note of May 12, 1941 and, acting under the instructions of my Government, to convey to Your Excellency the following communication:

In the course of ceremonies staged in Rome on May 18th last purported agreements were signed ceding to Italy integral parts of the national territory of the Kingdom of Yugoslavia. By virtue of further agreements entered into with representatives of the so-called "Independent State of Croatia" that "state", previously established on Yugoslav territory by the military authorities of occupation, has been declared by the Italian Government to be a hereditary monarchy under Italian protection, thus establishing in effect if not in name an annexation of these territories by the Italian Government.

These agreements were entered into with the same persons who, instigated and aided by the military authorities of occupation, had usurped power in Croatia without consultation with or participation of its people, in direct violation of their essential rights and in total disregard of their vital interests.

The Royal Yugoslav Government protests against this new violation of the integrity of its national territory and against the separation of the Croat people who, through their legitimate representatives within the Royal Government continue the struggle for the liberation of Yugoslavia, which includes all Croat territory, and recognize His Majesty King Peter the Second as their only legitimate Sovereign.

The Under Secretary of State to the Minister of Yugoslavia

MAY 28, 1941.

SIR:

I have the honor to acknowledge the receipt of your note of May 12, 1941 concerning the creation of the so-called "Independent State of Croatia". I observe that the Royal Yugoslav Government desires to register its most emphatic protest against this unlawful action of the German Reich and considers null and void all acts relating to the creation of the so-called "Independent State of Croatia", the sole object of which is to dismember the national territory of the Kingdom of Yugoslavia.

I also wish to refer to your note of May 24, 1941 concerning the purported agreements said to have been signed in Rome on May 18 last providing for the cession to Italy of integral parts of the national territory of the Kingdom of Yugoslavia. I note that the Royal Yugoslav Government protests against this new violation of its integrity and against the separation of the Croat people who, through their legitimate representatives within the Royal Government continue the struggle for the liberation of Yugoslavia, which includes all Croat territory, and recognize His Majesty King Peter the Second as their only legitimate Sovereign.

I desire to thank you for your courtesy in furnishing me with this expression of your views and to reiterate the indignation of this Government and the American people at the invasion and mutilation of Yugoslavia by various member states of the Tripartite Pact.

Accept [etc.]

SUMNER WELLES

CONTRIBUTIONS FOR RELIEF IN BELLIGERENT COUNTRIES

[Released to the press June 3]

The following tabulation shows contributions collected and disbursed during the period Sep-

tember 6, 1939 through April 30, 1941, as shown in the reports submitted by persons and organizations registered with the Secretary of State

for the solicitation and collection of contributions to be used for relief in belligerent countries, in conformity with the regulations issued pursuant to section 8 of the act of November 4, 1939 as made effective by the President's proclamation of the same date.

This tabulation has reference only to contributions solicited and collected for relief in belligerent countries (France; Germany; Poland; the United Kingdom, India, Australia, Canada, New Zealand, and Union of South Africa; Norway; Belgium; Luxemburg; Netherlands; Italy; Greece; Yugoslavia; Hungary; and Bulgaria) or for the relief of refugees driven out of these countries by the present war. The statistics set forth in the tabulation do not

include information regarding relief activities which a number of organizations registered with the Secretary of State may be carrying on in non-belligerent countries, but for which registration is not required under the Neutrality Act of 1939.

The American National Red Cross is required by law to submit to the Secretary of War for audit "a full, complete, and itemized report of receipts and expenditures of whatever kind". In order to avoid an unnecessary duplication of work, this organization is not required to conform to the provisions of the regulations governing the solicitation and collection of contributions for relief in belligerent countries, and the tabulation does not, therefore, include information in regard to its activities.

GREAT LAKES - ST. LAWRENCE WATERWAY PROJECT

[Released to the press by the White House June 5]

The President sent the following message to Congress on June 5, 1941:

TO THE CONGRESS OF THE UNITED STATES:

I recommend authorization of construction of the St. Lawrence Seaway and Power Project, pursuant to the agreement of March 19, 1941,

with Canada,¹ as an integral part of the joint defense of the North American Continent.

Production and more production is the keynote of our all-out race for national defense. Electric power and transportation are limiting

¹ Bulletin of March 22, 1941 (vol. IV, no. 91), pp. 307-313.

factors in the production of planes, guns, tanks, and ships.

The enemies of democracy are developing every hydroelectric resource and every waterway from Norway to the Dardanelles. Are we to allow this continent to be out-matched because short-sighted interests oppose the development of one of our greatest resources?

Your action on this project will either make available or withhold 2,200,000 horsepower of low-cost electric power for the joint defense of North America.

Your action on this project will either open or keep bottled up one of the greatest transportation resources ever offered a people.

Both countries need the power. Both face power shortages which threaten to grow more serious as the demands of the defense program multiply with almost incredible rapidity.

Let us remember that it takes tens of thousands of kilowatt-hours of electricity to produce the materials that go into a single airplane. Our present aluminum program alone calls for more than 10 billion kilowatt-hours a year. It is constantly expanding with the need for more planes to outstrip the aggressors.

Steam power-plant construction offers no substitute for St. Lawrence power. No steam plants can provide the large blocks of low-cost electric energy required for certain essential defense industries. Furthermore, we are going to need all our capacity to produce steam power-plant equipment to meet the tremendous demands which are growing in other parts of the country and to build power installations to drive our merchant and naval vessels.

Our defense production is a gigantic assembly line. Transportation is its conveyor belt. If raw materials cannot flow freely to our great industrial plants and the products cannot move continuously to the front, defense breaks down. Bottlenecks in transportation are as serious as shortages of power.

Expanding production is going to burden the railroads to the limit. We are expanding their rolling stock as fast as we can, but even the present orders for new cars and locomotives are competing for manufacturing capacity

which could otherwise produce tanks and other items of heavy armament.

The Seaway will help prevent transportation bottlenecks. It will provide a great highway to and from important defense-production areas. It will cut by more than a thousand miles the stretch of dangerous open water which must be traveled by supplies to Great Britain and strategic North Atlantic bases. It will increase our capacity to build ships.

The Great Lakes today hold many shipways and dry docks, as well as resources of men and materials for shipbuilding. They are bottled up because we have delayed completing the Seaway. If we start the Seaway now, scores of additional merchant ships may be built in coastal yards freed by transferring a portion of the longer-term naval program to the Great Lakes.

The St. Lawrence Project must be expedited. No comparable power, shipbuilding, and transportation facilities can be made available in the time required to construct this project.

In dealing with the present emergency, too many people have underestimated the degree to which our resources will be taxed. We cannot afford to make any more mistakes of that kind.

I am advised that we can build the St. Lawrence Project in four years. Under emergency pressure it may be completed in less time. I should like to agree with the people who say that the country's danger will be over sooner than that. But the course of world events gives no such assurance; and we have no right to take chances with the national safety.

I know of no single project of this nature more important to this country's future in peace or war. Its authorization will demonstrate to the enemies of democracy that, however long the effort, we intend to outstrip them in the race of production. In the modern world, that race determines the rise and fall of nations.

I hope that authorization will not be delayed.

SAFETY OF AMERICANS IN IRAQ

[Released to the press June 4]

Mr. Paul Knabenshue, Minister Resident and Consul General at Baghdad, has reported to the Department that all Americans in Baghdad are safe and well and that while he has received no definite news of Americans outside of Bagh-

dad they are believed to be safe. He also reported that five American women who previously were evacuated are now safe in Basrah or India.

[Released to the press June 5]

Mr. Knabenshue has reported to the Department that he has received information from British official sources in Basrah that all Americans in the Basrah area are safe and well. Mr. Knabenshue added that "thus all Americans in Iraq now are safely accounted for".

REMARKS OF THE SECRETARY OF STATE WELCOMING THE MINISTER OF FOREIGN AFFAIRS OF PANAMA

[Released to the press June 4]

The Secretary of State made the following remarks at the meeting of the special session of the Governing Board of the Pan American Union held in honor of the Minister of Foreign Affairs of Panama, Dr. Raúl de Roux, on June 4, 1941:

"My colleagues of the Governing Board have entrusted to me the privilege of extending to you a cordial welcome on behalf of the Pan American Union.

"From the time of its earliest history, the conception of inter-American solidarity has been associated with the name of Panama. It was there that the historic conference of American republics was first called. The hospitality of Panama has been many times enjoyed by all of us; and only two years ago the Ministers of Foreign Affairs of the American republics met in Panamá and there worked out the policies

which have strengthened the unity of purpose of the American republics.

"Since its founding, the Republic of Panama has steadily cooperated in furthering the cause of the unity of the Americas. This was a wise and statesmanlike policy, since every consideration of strategy, of economics, and of political relations makes it clear that the attitude of Panama has played a vital part in the life of the American family of nations. It is natural that in this critical hour the American republics appreciate the cooperation of your country in assuring the continued security and independent life of the American republics.

"In welcoming you, Mr. Minister, let me also offer our warmest wishes for the welfare of your people, for the progress and prosperity of your country, and for the continuance of the brilliant role which it has heretofore played in the cause of inter-American solidarity."

REGULATIONS FOR MEETINGS OF CONSULTATION OF MINISTERS OF FOREIGN AFFAIRS

[Released to the press by the Pan American Union June 4]

The Governing Board at its regular monthly session on June 4 approved the definitive regulations of the Meetings of Consultation of the Ministers of Foreign Affairs of the American Republics. These regulations were drawn up pursuant to a recommendation of the Second Meeting of Consultation held at Habana in July 1940.²

The definitive regulations provide that any government which desires to initiate the procedure of consultation shall transmit to the Governing Board of the Pan American Union the questions with which it desires the consultation

to deal and the approximate date on which the Meeting should be held. On the basis of this proposal and after consultation with the other governments, the Governing Board will prepare the definitive agenda.

The regulations further provide that the Meetings of Consultation shall be attended by the Ministers of Foreign Affairs of the American Republics or their personal representatives. Technical advisers may accompany the Foreign Ministers but they shall not have the right to vote. A resolution adopted at the Habana Conference provided that the Third Meeting of Consultation shall be held in Rio de Janeiro.

CONFERENCE OF POLICE AND JUDICIAL AUTHORITIES

[Released to the press by the Pan American Union June 4]

The Governing Board of the Pan American Union, meeting on June 4, 1941 in regular monthly session, received from a special committee which had been appointed to consider the matter, a draft program for an Inter-American Conference of Police and Judicial Authorities provided for in a resolution adopted at the Second Meeting of Ministers of Foreign Affairs of the American Republics held at Habana in July last.³ The purpose of the Conference will be to draft conventions and recommendations to assure the most complete and effective defense of the American republics against acts of an unlawful character as well as against any other unlawful activities which may effect the institutions of American states.

. . . The report submitted to the Governing Board was formulated by the special committee

composed of the Ambassador of Argentina, Felipe A. Espil; the Minister of Uruguay, J. Richling; and the Minister of Costa Rica, Luis Fernández. The committee further recommended that the project of program be sent to the governments of the American republics with the request that their observations thereon be transmitted to the Pan American Union not later than October 15, when the definitive agenda will be prepared. The exact place and date of meeting of the Conference will be determined later by the Governing Board.

INTER-AMERICAN DEVELOPMENT COMMISSION: VENEZUELAN COUNCIL

[Released to the press by the Office of the Coordinator of Commercial and Cultural Relations Between the American Republics June 6]

Nelson A. Rockefeller, Coordinator of Commercial and Cultural Relations Between the American Republics, announced on June 6 the membership of the Venezuelan National Coun-

cil, the tenth of 21 councils being established by the Inter-American Development Commission in its program for the stimulation of trade among the American republics. Mr. Rockefeller is Chairman of the Development Commission.

The Venezuelan Council is headed by Dr. Oscar Augusto Machado, Director de la Compañía Anónima la Electricidad de Caracas. The other members include:

Alfredo Brandt, as Vice Chairman. Señor Brandt is Presidente del Banco Mercantil y Agrícola.

R. Tello Berrizbeltza, Director-Gerente de la Compañía Anónima Nacional Manufacturera de Caucho y Neumáticos General, and Director del Banco Central.

Andrés Sucre, merchant and Director del Banco Caracas.

Pedro I. Aguerrevere, geologist and former Director del Banco Central.

Julio Planchart, as General Advisor to the Council. Señor Planchart is Director de Política Económica en el Ministerio de Relaciones Exteriores.

J. A. Calcaño, as Secretary of the Council. Señor Calcaño is Jefe de la Oficina del Comercio Exterior en el Ministerio de Relaciones Exteriores.

Arrangements for the establishment of the Council were completed in Caracas, where an initial meeting has been held. Similar councils composed of outstanding business, professional, and technical men have been formed in Brazil, Argentina, Uruguay, Paraguay, Chile, Bolivia, Peru, Colombia, and Ecuador.

VISIT TO WASHINGTON OF THE WIFE OF THE PRESIDENT OF PARAGUAY

[Released to the press June 7]

Señora de Morínigo, wife of the President of Paraguay, and her son, Higinio Emilio Morínigo, who has been undergoing treatment as the President's patient at the Warm Springs Foundation, will arrive by plane at Washington Airport Sunday, June 8, where they will be met by the following representatives of the Department of State and Paraguayan Legation:

Mr. Philip Bonsal, Acting Chief, Division of American Republics

Mr. Stanley Woodward, Acting Chief, Division of Protocol

Mr. Andrew E. Donovan, Division of the American Republics

The Minister of Paraguay and Señora de Soler

Dr. Leo S. Rowe, Director General, Pan American Union

Señora de Morínigo and her son will stop at the Wardman Park Hotel June 8-11, inclusive, and again on June 13 and 14, following a visit to New York City.

While in Washington Señora de Morínigo will be received by Mrs. Roosevelt at the White House and will also be entertained at tea by the Secretary of State and Mrs. Hull and the Under Secretary of State and Mrs. Welles. She will visit the Pan American Union and be the guest of honor at a reception given by the Paraguayan Minister and Señora de Soler before her departure.

General

ACQUISITION OF IDLE FOREIGN MERCHANT VESSELS

Pursuant to section 1 of the act of Congress approved June 6, 1941 authorizing the acquisition by the United States of title to or the use of domestic or foreign merchant vessels for urgent needs of commerce and national defense,⁴

⁴ Public Law 101.

the President on June 6, 1941 issued an Executive order (No. 8771) authorizing the United States Maritime Commission "to purchase, requisition, charter, requisition the use of, or take over the title to, or the possession of, any or all foreign merchant vessels which are lying idle in waters within the jurisdiction of the

United States, including the Philippine Islands and the Canal Zone, including all tackle, apparel, furniture, spare parts and equipment, and all stores, including fuel, aboard such vessels or appertaining thereto, for the use and disposition hereinafter directed."

The Commission was further authorized, "to such extent and upon such terms and conditions as the Commission shall deem desirable and conducive to the national defense:

"(a) To operate any or all of such vessels, either directly or by agent, in any service of the United States, or in any commerce, foreign or coastwise.

"(b) To charter or lease any or all of such vessels to any persons for operation in any serv-

ice of the United States, or in any commerce, foreign or coastwise: *Provided*, that no vessel shall be transferred, chartered, or leased to any belligerent government without the approval of the President.

"(c) To document any or all of such vessels under the laws of the United States or any neutral country of the Western Hemisphere.

"(d) To make such other use or disposition of any or all of such vessels as the President may hereafter direct.

"(e) To repair, equip, and man such vessels and to do whatever may be necessary to accomplish the purposes of the said act or this order."

The Commission was also directed to determine and make to the owners of such vessels just compensation for the vessels or for their use.

ENTRY OF ALIENS INTO THE UNITED STATES

[Released to the press June 7]

EXECUTIVE ORDER

DOCUMENTS REQUIRED OF ALIENS ENTERING THE UNITED STATES

By virtue of and pursuant to the authority vested in me by the act of May 22, 1918, 40 Stat. 559, as extended by the act of March 2, 1921, 41 Stat. 1205, 1217, and by section 1752 of the Revised Statutes of the United States, and in connection with the Alien Registration Act, 1940, approved June 28, 1940 (54 Stat. 670), I hereby prescribe the following regulations pertaining to documents required of aliens entering the United States (which regulations shall be applicable to Chinese and to Philippine citizens who are not citizens of the United States, except as may be otherwise provided by special laws and regulations governing the entry of such persons):

PART I

1. Nonimmigrants must present unexpired passports or official documents in the nature of passports issued by the governments of the coun-

tries to which they owe allegiance or other travel documents showing their origin and identity, as prescribed in regulations issued by the Secretary of State, and valid passport or other non-immigrant visas.

2. A nonimmigrant alien who is passing in transit through the United States may present a transit certificate granted by an authorized officer of the United States.

3. A nonimmigrant alien who enters the United States for a period not exceeding ten days, landing temporarily while the vessel on which he is a passenger is in port, or crossing the border, entering and departing via the same port of entry, may present a limited entry certificate granted by an authorized officer of the United States.

4. A nonimmigrant alien who is a citizen of Canada, Newfoundland, or Mexico, or who is a British subject domiciled in Canada or Newfoundland, may present a nonresident alien's border-crossing identification card issued by an authorized officer of the United States, if he is entering the United States for a period of less than thirty days.

5. The Secretary of State is authorized to define cases of emergency in which the passport and visa requirements may be waived for a nonimmigrant alien.

6. No passport visa, transit certificate, limited entry certificate, or nonresident alien's border-crossing identification card shall be granted to an alien whose entry would be contrary to the public safety nor to an alien who is unable to establish a legitimate purpose or reasonable need for the proposed entry.

PART II

1. Immigrants must present unexpired passports, or official documents in the nature of passports, issued by the governments of the countries to which they owe allegiance, or other travel documents showing their origin and identity, prescribed in regulations issued by the Secretary of State, and valid immigration visas granted by the consular officers of the United States in accordance with the requirements of the Immigration Act of 1924 and the regulations issued thereunder.

2. An alien immigrant who has previously been legally admitted into the United States for permanent residence, has departed therefrom and has returned from a temporary visit abroad, may present, in lieu of an immigration visa, an unexpired permit to reenter, issued pursuant to section 10 of the Immigration Act of 1924. The bearer of such a permit to reenter is not required to present a passport.

3. An alien immigrant who has previously been legally admitted into the United States for permanent residence and who has frequent occasion to cross the land borders of the United States may present, in lieu of an immigration visa or a permit to reenter, a resident alien's border-crossing identification card. The bearer of such a border-crossing identification card is not required to present a passport.

4. An immigrant Spanish national who on April 11, 1899 (whether adult or minor) was a bona fide resident of Puerto Rico or adjacent islands which comprised the Province of Puerto Rico, and who, in accordance with Article IX of the treaty between the United States and

Spain of April 11, 1899, has preserved his allegiance to Spain, may present a passport visa, in lieu of an immigration visa, for entry into Puerto Rico. Such aliens may be admitted into Puerto Rico without regard to the provisions of the Immigration Act of 1924, except section 23. (Act of May 26, 1926, ch. 400, 44 Stat. 657.)

5. The Secretary of State is authorized to define cases of emergency in which the passport and immigration visa requirements may be waived for an immigrant alien.

PART III

The Executive Secretary of the Panama Canal is hereby authorized to issue passport visas, transit certificates, limited entry certificates, and immigration visas to aliens coming to the United States from the Canal Zone. The Governor of American Samoa is hereby authorized to issue passport visas, transit certificates, limited entry certificates, and immigration visas to aliens coming to the United States from American Samoa. The Governor of Guam is hereby authorized to issue passport visas, transit certificates, limited entry certificates, and immigration visas to aliens coming to the United States from Guam.

PART IV

The documentary requirements for aliens applying for admission into American possessions outside the United States are to be prescribed by the competent authorities in such possessions.

PART V

The definitions contained in section 28 of the Immigration Act of 1924 shall be regarded as applicable to this order, except as otherwise specified herein.

PART VI

The Secretary of State and the Attorney General are hereby authorized to make such additional rules and regulations, not inconsistent with this order, as may be deemed necessary for carrying out the provisions of this order and the statutes mentioned herein.

PART VII

This order shall take effect immediately and shall supersede and cancel the provisions of Executive Order No. 8430^a of June 5, 1940 entitled "Documents Required of Aliens Entering the United States" but shall not supersede Executive Order No. 4049 of July 14, 1924 entitled "Documents Required of Aliens Entering the

United States on Airships", or Executive Order No. 8429^r of June 5, 1940 entitled "Documents Required of Bona Fide Alien Seamen Entering the United States."

[Released to the press June 6]

The Secretary of State announced on June 5 that, in accordance with the provisions of the Executive order of March 15, 1941⁸ an additional general license GIT-Sw/B has been issued for shipments passing through the United States from Switzerland to any country in group B⁹ or to Bahamas, Barbados, Bermuda, British Guiana, British Honduras, Canada, Falkland Islands, Jamaica, Leeward Islands, Newfoundland, Trinidad and Tobago, and Windward Islands.

It was also announced that general licenses GIT-F/B, GIT-P/B, and GIT-S/B have been amended by including in the list of countries to which re-exportations may be made, not only the countries in group B, but also the countries named in the above list.

Collectors of customs have been instructed to refuse clearance to any exportation under general license GIT-Sw/B unless evidence of the issuance of a Certificate of Origin and Interest for each shipment is presented to the collector at the port of exit.

Whenever an exportation is made under one of the general licenses which have been issued for shipments passing through the United States, the departing vessel will furnish to the collector of customs at the port of exit, in accordance with the usual procedure, an extra copy of its in-transit manifest.

[Released to the press June 6]

In view of legal prohibitions which have recently been placed by the Government of the Dominican Republic upon re-exportations from that country, it has been found possible for this Government to issue general licenses for the export to the Dominican Republic of certain of the articles and materials named in proclama-

tions and regulations issued pursuant to section 6 of the Export Control Act of July 2, 1940. Accordingly, under the authorization of the provisions of the Executive order of March 15, 1941¹⁰ the Secretary of State on June 5 issued the following general licenses to authorize exports to the Dominican Republic:

License No. GAZ 11 for wool
 GAY 11 for vanadium
 GBJ 11 for strontium chemicals
 GBH 11 for soda lime
 GBI 11 for sodium acetate
 GAU 11 for silk (other than silk parachute cloth and silk cartridge cloth suitable for powder bags)
 GAO 11 for molybdenum
 GAT 11 for rubber (other than tires and tubes)
 GCU 11 for lead
 GAH 11 for hides (cattle and horse)
 GAD 11 for chromium
 GAB 11 for antimony

Collectors of customs have been authorized to permit, without the requirement of an individual license, the exportation of any of the articles and materials mentioned above to the Dominican Republic. In such cases, however, the exporter is required to indicate the appropriate license number on the export declaration for the shipment which he proposes to export. Those articles and materials for which no general licenses to export to the Dominican Republic have been issued (i.e., those articles and materials which are subject to the export-license requirements, but which are not included in the above list) will continue to require individual licenses for their exportation.

[Released to the press June 7]

The Secretary of State announced on June 7 that, in accordance with the provisions of the Executive order of March 15, 1941¹¹ an additional general license, GIT-Sd/B, has been issued for shipments passing through the United States from Sweden to any country in group

B¹² or to Bahamas, Barbados, Bermuda, British Guiana, British Honduras, Canada, Falkland Islands, Jamaica, Leeward Islands, Newfoundland, Trinidad and Tobago, and Windward Islands.

Collectors of customs have been instructed to refuse clearance to any exportation under general license GIT-Sd/B unless evidence of the issuance of a Certificate of Origin and Interest for each shipment is presented to the collector at the port of exit.

Whenever an exportation is made under one of the general licenses which have been issued for shipments passing through the United States, the departing vessel will furnish to the collector of customs at the port of exit, in accordance with the usual procedure, an extra copy of its in-transit manifest.

[Released to the press June 7]

The Secretary of State announced on June 7 that, in accordance with the President's Executive order of March 15, 1941¹³ general licenses

have been issued authorizing exportation to the Philippine Islands of all articles and materials designated by the President as necessary to the national defense, pursuant to section 6 of the Export Control Act approved July 2, 1940, with the exception of arms, ammunition, and implements of war, tin-plate scrap, helium, mercury, and industrial diamonds. A list of the applicable general-license numbers will be released in the near future.

Collectors of customs are being authorized to permit, without the requirement of an individual license, the exportation to the Philippine Islands of the articles and materials to which these licenses are applicable, but the exporter will be required to indicate the appropriate general-license number on the shipper's Export Declaration filed with the collector.

Those articles and materials for which no general licenses have been issued, but which are subject to the requirement of an export license, will continue to require individual licenses for their exportation.

TRADE-AGREEMENT NEGOTIATIONS WITH ARGENTINA

[Released to the press June 6]

Pursuant to section 4 of an act of Congress approved June 12, 1934, entitled "An Act to Amend the Tariff Act of 1930", as extended by Public Resolution 61, approved April 12, 1940, and to Executive Order 6750, of June 27, 1934, public notice of intention to negotiate a trade agreement with the Government of Argentina was issued on May 13, 1941.¹⁴ In connection with that notice, the Secretary of State published a list of products on which the United States will consider the granting of concessions

to Argentina, and announced that concessions on products not included in the list would not be considered unless supplementary announcement were made.

The Secretary of State now announces that the products described below have been added to the list issued on May 13, 1941.

The Committee for Reciprocity Information has prescribed that all information and views in writing and all applications for supplemental oral presentation of views relating to products included in this supplementary list shall be submitted to it not later than 12 noon, June 23, 1941. They should be addressed to "The Chairman, Committee for Reciprocity Information, Tariff Commission Building, Eighth and E Streets NW., Washington, D.C." Supplemen-

CONVENTION ON NATURE PROTECTION AND WILDLIFE PRESERVATION IN THE WESTERN HEMISPHERE

Argentina

The Director General of the Pan American Union informed the Secretary of State by a letter dated May 22, 1941 that the Convention on Nature Protection and Wildlife Preservation in the Western Hemisphere, which was opened for signature at the Pan American Union on October 12, 1940, was signed on behalf of Argentina on May 19, 1941, with a reservation which reads in translation as follows:

"The resources existing in the National Parks may be exploited for commercial purposes only in those regions which, in spite of their lacking the characteristics necessary to be considered as such, have been incorporated under their jurisdiction for the sole purpose of maintaining uniformity of action with regard to their development and when said exploitations do not change the general concept of the law covering them and are sufficient to maintain the principle of regional promotion which the needs of each country require."

WATERWAYS

EXCHANGE OF NOTES PROVIDING FOR TEMPORARY DIVERSION FOR POWER PURPOSES OF ADDITIONAL WATERS OF THE NIAGARA RIVER

On June 5, 1941 the Committee on Foreign Relations of the Senate reported favorably to the Senate without amendment and recommended that it advise and consent to the ratification of the notes exchanged at Washington on May 20, 1941 between the Governments of the United States and Canada, amending in its application article 5 of the treaty signed on January 11, 1909, between the United States and Great Britain concerning boundary waters

and questions arising along the boundary between the United States of America and Canada (Treaty Series 548).

The texts of the notes providing for the temporary diversion for power purposes of additional waters of the Niagara River above the Falls are printed below:

"DEPARTMENT OF STATE,

"Washington, May 20, 1941.

"The Honorable LEIGHTON MCCARTHY,

"Minister of Canada.

"SIR: I have the honor to refer to conversations which have taken place recently between officials of the Governments of the United States and Canada with respect to the immediate and pressing needs for additional power in the Niagara Falls area for national defense purposes. Throughout these conversations, as well as in previous conversations during the course of years, on the general subject of the Falls at Niagara, two objectives have been kept in mind: first, the scenic beauty of this great heritage of the two countries; and second, the utilization of the power resources available there, consistent with the primary obligation of preserving the scenic beauty of the Falls.

"Recent surveys have indicated that there is now idle equipment available and set up which could utilize at once an additional diversion for power purposes of 5,000 cubic feet per second on the United States side. I am informed by the defense authorities of this Government and by the Federal Power Commission that this additional power is urgently needed in connection with the Government's National Defense Program. It is likewise understood from conversations with the appropriate Canadian officials that 3,000 cubic feet per second could be used immediately on the Canadian side in connection with the furtherance of the war efforts of Canada. These figures represent the immediate needs of the two Governments and do

not pretend to take into consideration all industrial requirements of the two countries in the area by reason of the present emergency.

"In view of the above, and having in mind assurances of engineers that there will be no material adverse effect to the scenic beauty of the Falls, I propose through this exchange of notes that for the duration of the emergency and in all events subject to reconsideration by both Governments on October 1, 1942, an additional diversion for power purposes of 5,000 cubic feet per second be utilized on the United States side of the Niagara River above the Falls. In making this proposal this Government is prepared to give assurances that no objection will be raised to an additional diversion of 3,000 cubic feet per second on the Canadian side of the Niagara River above the Falls. It is also proposed that the engineers of the two Governments be instructed to take such steps as may be necessary with a view to initiating forthwith the construction of works designed to distribute the flow of water over the Falls in such a manner as to preserve their scenic beauty.

"Moreover, the American Government proposes that upon the entry into effect of the Agreement for the Utilization of the Water in the Great Lakes—St. Lawrence Basin signed on March 19, 1941, the foregoing arrangements will be subject to the provisions of Article IX of the Agreement, and that it will be open to the Commission appointed under the provisions of the Agreement and carrying out the duties imposed upon it, to take such action as may be necessary, and as may come within the scope of the Agreement with regard to diversions at Niagara.

"If the foregoing is acceptable to the Government of Canada, this note and your reply thereto, when approved by the Senate, shall be regarded as placing on record the understanding arrived at between the two Governments concerning this matter.

"Accept [etc.]

"For the Secretary of State:
A. A. BERLE, Jr."

"CANADIAN LEGATION,

"Secretary of State of the United States,

"Washington, D.C.

"SIR: With reference to your note of May 20th, 1941, concerning the immediate and pressing needs for additional power in the Niagara Falls area for national defence purposes, I have the honour to inform you that the Government of Canada concurs in the arrangements set forth in your note and is prepared to give assurances that no objection will be raised by the Government of Canada to an additional diversion of 5,000 cubic feet per second on the United States side of the Niagara River above the Falls.
